

## Walking on the water John 6:16-21

Expect the unexpected from God

Anecdotal:

When we do it on our own power, we struggle. When Jesus “gets in the boat” with us, things happen.

Fear not, it is I.

Thought to discuss:

“Fear is extremely important, because we worship what we fear. If we fear man, we will worship man and be intimidated by him. If we fear our children, we will worship them, and they will control us. But if we fear God, we will worship Him and give Him His proper honor and reverence.”

What do we fear?

How do we overcome fear?
