Fostering Adventures of Hope

Fall/Winter 2025

Change of Seasons

The busyness of summer has subsided with a touch of snow on the mountains and a briskness in the air.

Back in August, we did a puppet show in conjunction with a food pantry ministry in Penrose. The puppets did several songs and scripts and then when our arms became tired, we came out from behind the curtain and told people about the gospel. It was a fun and that would lead to another opportunity.

Apple Day Festival

The first weekend in October is a big street festival in Penrose. Several thousand people walk up and down the street looking at a variety of vendors. We were set up in front of our friends there who run a food pantry ministry. They had a bounce house for kids and we did puppets telling them about the love of God. Many parents would sit and watch their kids in the bounce house with our scripts and music playing behind them. Several hundred people came through that day before the wind picked up in the afternoon and started blowing things around.

Labor day weekend is a big **car show in Westcliffe**. It brings in lots of people from outside the town as well those from our area. We were giving away snow cones and Bibles and talking to people about what they believe. We gave away over 300 snow cones and several Bibles.

Fall Festival Hoe Down

Even though we live in Westcliffe, our reputation has been spreading as we make contacts with people in the region. In the end of October the puppets went to a Fall Festival at a church in Colorado Springs. We did songs and skits with the puppets. We were behind the curtain most of the night, but it is estimated 1000+ came through the door.

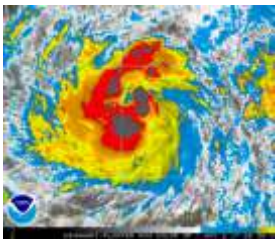
Philippines...not this time.



Our next international mission trip was supposed to be Oct 13-28 to the Philippines. A couple of weeks before the trip, the country was hit with two large earthquakes. These combined with the rainy season triggered mud slides. The churches in the Philippines became concerned over our safety and it was decided to postpone the project. This was probably a good idea as the day we were scheduled to arrive a tropical storm rolled across the country. Money that we have raised for this trip will apply to our next trip, which is...

Cuba in April

Most people when they hear Cuba think of cigars and Fidel Castro. We think of people that need Jesus. We are excited about being back in Latin America and sharing the gospel in a communist country.

Weekly Bible Study is now available on Podcast

Our weekly Bible study (currently in the Gospel of John) is now on your favorite podcast platform: Itunes, Pandora,_YouTube, iHeart Radio, Spotify. Search for Larry J Foster. You can also listen on the website faoh.org. We will resume the Bible study in person in January at a "non-church" location in hopes of reaching people who would not come to a church.

Mission Statement:
To spread the gospel of Jesus Christ by training and equipping people to share this gospel in their community, region and around the world.

How to support the spread of the gospel

- **Your prayers**. It is said a lot, but prayers do make a difference. Not everyone can travel on an airplane for 24 hours. But everyone can pray.

- **You can join us.** Help make snow cones, operate a puppet or talk to people. Join us on an international trip. You can be a part of this.

- **You can be a supporter.** We are self-supporting. We do not receive support from a denomination or from a church. Any money you send in will be used for missions and only missions. You may send tax deductible contributions to:
